

## You and your dog

A helpful guide to visiting Club sites with your dog.

## Dogs are very welcome at all Club sites.

There's no extra cost to bring your four legged friend along. There are dog walks on many Club sites, so they make ideal destinations for you and your pet to explore and discover the great outdoors.

### On site

Being in the countryside brings its own pet etiquette, so we've put together some helpful tips and guides to protect you, your dog, the countryside and fellow members, so everyone can enjoy the freedom of the great outdoors. We're sure most are second nature to you as a dog owner, others are just to ensure you and your dog enjoy your stay.

We all get excited exploring somewhere new, especially dogs, but please ensure that they are kept under control at all times, for the safety of other members.

Of course your dog can accompany you when walking around Club sites, however, please exercise dogs in the designated dog walk area, or off site, and clean up using the bins provided. If Accidents occur outside of the designated area, please make sure you clean up straight away.

Please keep your dog on a lead less than 2m long at all times when on site other than when in designated "dog walks", where leads may be extended, or "dog areas", where they are free to roam. If tethered on your pitch, please ensure that your dog cannot reach the road or your neighbours pitch.

As not everyone feels comfortable around dogs, and can sometimes find their exuberance a little frightening, please try to

discourage excessive barking and anti-social behaviour so everyone can enjoy the site.

Dogs can become anxious when lonely or uncomfortable. To minimise this, make sure they have somewhere cool to relax, with good ventilation and access to an ample supply of drinking water if you do have to leave them for short times.

Where possible, please keep your dog with you, especially on hot days. A quick build-up of temperatures in cars, awnings, outfits or tents can be fatal to animals.

Only assistance dogs (guide & hearing) are allowed in any buildings, dishwashing or pool areas.

## On the road

Pets are part of the family too! Most dogs love travelling by car or motorhome and there's a great range of crates and seat belt harnesses available so you and your dog can safely enjoy the ride.

Members can save up to 10% with Club Shop brought to you by Prima Leisure so keep pets comfortable and safe when you're on the move with our thoughtfully chosen range of dog accessories. From carriers, play pens and beds to toys, leads, food bowls and more, Prima has everything you'll need to keep your faithful travelling companion happy.

During long trips, keep your dog hydrated

and comfortable and take a break every few hours to make sure your dog can get a drink and some exercise.

## Exploring the great outdoors

Before sniffing out the best of the countryside take a look at the 'You and Your Dog in the Countryside' leaflet. It forms part of the Countryside Code and provides some great advice on making the most of the outdoors with your pet. You can download a free copy at: [www.camc.com/dogs](http://www.camc.com/dogs)

Your site staff are a fantastic source of information about their local area. Why not ask them for advice on great places to take your dog when going off-site?

There are miles of public footpaths, bridleways and byways to explore freely with your dog. In open countryside, the law requires dogs to be kept on a lead between 1 March – 31 July and at all times near farm animals.

Please clean up after your dog, using the dog bins provided.

Be aware of others around you, some may not be as fond of animals, especially young children. Please make sure you and your dog respect others' space so that everyone can enjoy the countryside.

When venturing out, ensure your dog is wormed regularly to protect it in areas where ticks may be present, such as woodland, and give your dog a quick check on your return.
