Site Information

Safety on site

Fire point

Please check where your nearest fire point is so you can raise the alarm if you discover a fire, make a note of where the assembly point is and read the fire action notice. Fire extinguishers are provided at the fire points. If fire breaks out, follow the Site Staff's instructions. Keep your children safe by making them aware of the danger of emergency services rushing to the scene. In the event of fire, alarm/warning bells are located at all service points.

Dogs and other Pets

You are responsible for your pet's behaviour. Please make sure your pet is under control at all times; dogs must be kept on a secure lead no more than 2 metres long. We know accidents can't always be avoided, but please clean up as quickly as possible.

Supervision of children

Parents or guardians are responsible for the safety of children in their care at all times whilst on site. Play areas are never entirely risk free, so we ask children are supervised by an adult. Please remember you are responsible for your children on site.

Visitors

Please meet visitors at reception.

Vehicles and cycles

For the safety and enjoyment of everyone on site, please keep your speed down. The speed limit on all sites is 5mph; that's 1st gear. Pedestrians always have priority over vehicles when crossing site roads. Please expect that young children may move around your vehicle carelessly, because they have little understanding of road risks, and adapt your driving technique to allow for this. Also, sheep roam freely around site.

Please make sure you follow one-way systems and there should be no cycling on site during the hours of darkness.

Site facilities

Laundry

Please do not hang washing lines between trees or on the fences. There are laundry facilities at Tain, please see details in reception.

Recycling facilities

Barbecues

TV reception

In order to receive a TV signal at this site, you need to have your own satellite dish and receiver.

The costs of electricity are included in your pitch fee, but please think of the environment by considering your electricity use.
