## LADY MARGARET'S PARK CYCLE ROUTE

You can continue onto Llangollen on National Route 85. Llangollen has often been referred to as the gateway to North Wales, and it's easy to see why. It's a haven for sightseers, cyclists and walkers of all ages.

### SURFACES

### REFRESHMENTS/FACILITIES

## DIRECTIONS

- 1 As you leave the site, follow the lane towards Chirk railway station.
- 2 Just before you reach the railway line, there will be the start of a canal towpath on your right.
- 3 Turn right and follow the towpath. It will take you round Chirk and on towards Pentre.
- 4 Keep following the canal as it goes left. Continue on this path and just before arriving in Trevor you will pass the Pontcysyllte Aqueduct. It is the highest and longest aqueduct on the UK canal system. Built 200 years ago, it is over 1000 feet long and stands 126 feet above the river Dee.
- 5 Return to site by the same route in reverse.

## OPTIONAL EXTENSION

After reaching the Pontcysyllte Aqueduct, continue along Route 85 of the National Cycle Network to reach Llangollen.

## DON'T MISS

“ Booked for 3 nights but could have stayed longer. Lovely wardens, good facilities and in a good location. Nice walks from the site and in the surrounding area, good for cycling on the canal towpath. Will definitely be back for a longer stay.”
