### CARAVAN STORAGE IN SPAIN

Although many British caravanners store their caravans in Spain or keep them on a site for occasional use, we only have complete details of two organisations that provide this service:

Caravan Inn  
17472 L'Armentera  
Near Barcelona  
(Girona)  
Spain

☎ 00 34 972 520 468  
Fax: 00 34 972 550 013

They advertise that they are open all year round and will also undertake servicing, lubrication, washing, transport and repairs. They have 800 covered and open pitches for storage.

Caravanning Montgri SL  
Ctra Pals-Torroella  
Kn 13.600  
17257 Gualta  
(Girona)

☎ 00 34 972 76 17 28  
Fax: 00 34 972 75 95 61

They are open all year and offer repairs, painting and complete servicing. Insurance is included in the price.

The Tourist Office in Malaga (00 34 95 2122 020/ [info@malagaturismo.com](mailto:info@malagaturismo.com)) has advised that the following companies offer storage facilities but they were only able to provide telephone numbers:-

Cano	Cano (east of Jaen)	☎ 00 34 952 62 22 47
Montano	Dos Hermanas (Sevilla)	☎ 00 34 955 66 60 40 or 00 34 956 66 65 14
Autostar	Granada	☎ 00 34 958 57 66 66

Alternatively you could contact any site in an area which appeals to you to see if they can let you have an all-year pitch and the costs and regulations covering that arrangement.

We have been advised that officially foreign caravans should be stored in Spain for a maximum of six months of each year but you may wish to check with the site owner that this would still be the case if your caravan was actually on pitch for occasional use.

The main item to remember is insurance against damage, fire, theft, etc, Kay Drewe Insurance of 14 Load Street, Bewdley, Worcestershire, DY12 2AE (☎ 01299 401663) can help with this or you can ask your van storage business owner who is likely to have local contacts. Please note that there is also the question of invalidity of the manufacturer's warranty for caravans less than three years old if the supplying dealer does not carry out annual servicing. Since caravans on the continent have to be registered, it can be difficult to sell UK caravans overseas and you may have to return the van to the UK to sell or dispose of it.
